

Classroom Instructor

&

Basketball Coach

By being both the instructor and Basketball Coach, you have a unique opportunity to delve deeper into the life of the youth we serve. In this unique dual role, you will have the opportunity to integrate classroom instruction with our basketball curriculum. In the classroom you will inspire and teach our youth to think critically, problem solve, improve communication, teach 21st century collaboration skills and to help our youth present their own ideas. On the basketball court, the curriculum provides a unique, sports-based learning program to under-resourced, economically disadvantaged middle-school youth in Boston. Combining these two roles, enhances the social-emotional development of our youth and it takes a team effort. We look forward to having your talents and skills as part of our team.

Our goal is to develop a life-long commitment to wellness, health and fitness and to teach the life lessons in the classroom and through sports that lead to success in school, the community and a global society.

Purpose of job:

Create a positive learning environment in the classroom and on the court where students learn sportsmanship, fundamental skills, teamwork, respect, resiliency, perseverance and social-emotional skills.

Job Description:

3Point's Basketball Program and Social Emotional Curriculum emphasizes the development of social-emotional skills and awareness.

This is a developmental basketball program for students in middle school and coaches are expected to emphasize the life lessons of the sport of basketball in addition to teaching basketball skills. To accomplish this, coaches are required to attend all SEL classes with their teams and to be familiar with the SEL curriculum.

Qualifications:

1. Have a desire to work with students. Enthusiasm, patience, good organizational skills, maturity, dependability, be responsible and collaborate and be respectful of others.
2. Be at least 18 years of age.

Required Knowledge, Skills and Abilities:

- Understand the fundamentals of basketball
- Be in good physical condition
- Have the ability to motivate students to reach their potential
- Have exceptional leadership skills
- Have excellent communication skills
- Have excellent memory and concentration skills
- Have the ability to work collaboratively and problem-solve
- Be socially aware
- Be committed to teaching youth

Education and Experience:

- Significant experience playing on a basketball team
- Classroom experience working with youth

Work Environment:

- Time is spent between classrooms and gyms.
- 4-10 hours in program a week
- Hours consist some time between 1-6pm M-F, possibly Saturdays 9am-12pm
